

Making Downlighting Choices **Easier** - **Simpler Options**, **Larger Choice**

NEW
TO MARKET

FType Mk2 is the new standard for downlights specifically for retro-fit applications and includes a wealth of innovation, benefits and lighting options combined with a stylish, slimline aesthetic.

Innovations include an easy-access **ClipFit™** connector - designed to revolutionise installation by providing 360° wiring access, and a revolutionary **QuickView™** window that provides at-a-glance inspection to ensure wiring termination is safe and secure.

A 4W and 6W selectable output is standard, allowing lighting spaces to be easily customised to taste or requirement.

Available in both Dim2Warm and 4Colour CCT variants, giving full control over lighting style and ambience, along with a range of slimline, decorative bezel choices.

Options: Flat, Regressed & Adjustable.
